SUMMARY

Web Developer with 2+ years of experience building responsive, scalable web applications using React, Next.js, and TypeScript. Currently working at V-Productions & Marketing while pursuing a BS in Artificial Intelligence. Passionate about creating high-performance user interfaces and delivering exceptional user experiences.

PROFESSIONAL EXPERIENCE

Web Developer Intern, V-Productions & Marketing Jul 2026 - Present

- Designed and developed the official V-Productions & Marketing website with a focus on performance, SEO, and user experience.
- Integrated Supabase Authentication, Database, and Storage into web applications. Implemented real-time data synchronization using Supabase Realtime features.
- Used Git and GitHub for version control and collaborated effectively within an agile development environment.

Web Developer, DotTechHub Jun 2024 - Jul 2025

- Developed and maintained responsive web applications using modern frontend technologies and clean coding practices.
- Collaborated with team members to implement new features, debug issues, and improve application performance.
- Worked on optimizing UI responsiveness, code structure, and overall user experience across projects.

Web Developer Intern, DevelopersHub Corporation Jul 2025 - Aug 2025

- Contributed to the development of a functional e-commerce platform with product listings, shopping cart, and checkout features.
- Improved frontend responsiveness and user interface components for better user experience across devices.
- Assisted in debugging, testing, and enhancing website functionality in a collaborative development environment.

SKILLS

- Languages:** HTML, CSS, JavaScript, TypeScript
